LITTERS

Notice: Publication of these Notices is on the basis that a Litter Notification has been received by the New Zealand Kennel Club at the closing date of this column, usually the 1st of the month preceding publication. Publication in this magazine is no guarantee that the dog can or will be registered with the New Zealand Kennel club. Registration is a separate procedure and will not necessarily be completed at the date of sale of a puppy. Purchasers of dogs should obtain a written undertaking from breeders that the puppy being purchased is or will be registered with the New Zealand Kennel club and will be transferred by the breeder into the name of the purchaser within fourteen days of the date of purchase.

Did You Know...

When doing online litter notifications, all owners of the dam and sire must authorise confirmation in order for your litter notification to be processed. If authorisation is not received your litter notification goes to a hold file and is not processed, this is held for a month before a follow up letter is sent. At this time the Litter notification then has to be done manually.

HIPS & ELBOW Dysplasia Results

The following is a list of dogs which have been examined under the Australian Canine HD Scoring Scheme, NZ Veterinary Association HD & ED Schemes, BVA Scheme or the Murdoch University (WA) Scheme. The owners of these dogs are authorised to claim in advertisements that the dogs have been examined under the rules of these schemes and have obtained the scores printed below. Members wishing the results of x-rays to be published in the NZ Kennel Gazette should forward a copy to NZKC with a written request for publication. No fee is payable.

Notes (Hips): (1) Grading (dogs must be over one year old). (2) A grade is given on the amount of arthritis detected in each joint. Arthritis indicates Elbow Dysplasia is present. (3) Grades range from 0 (free of arthritis) to 3 (severe arthritis) B means borderline between 0-1 (4) Total scores of 8 or less with no more than 6 on one hip may be regarded as the equivalent of the former ‘Breeders Letter’ category. (5) Total score maximum possible - 106. Notes (Elbows): Grading (dogs must be over one year old). (1) A grade is given on the amount of arthritis detected in each joint. Arthritis indicates Elbow Dysplasia is present. (2) Grades range from 0 (free of arthritis) to 3 (severe arthritis) B means borderline between 0-1 (3) Dogs between 1 and 2 years with a 0 score in each elbow are probably free from Elbow Dysplasia. Dogs over two years with 0 score in each elbow are considered ACCREDITED free from Elbow Dysplasia. For information, statistics, breed averages for Hip Scores plus lots more, please visit the New Zealand Veterinary Web Site www.vets.org.nz

AGILITY Competitors

Are you financial?

The process of creating the voting list for this month’s election has identified a number of members whose subscription had lapsed.

Your attention is drawn to the official event entry form where competitors sign a declaration agreeing to abide by the club’s Rules and Regulations.

Competing whilst not financial or competing in a class to which your dog is not entitled will result in the removal of awards, titles, ribbons and prizes. These will subsequently be awarded to the rightful place-getters.

Such offenders leave themselves exposed to further action by the club and quite aside from anything else is an affront to other competitors and flies in the face of the Agility Spirit.

NZ Dog World May 2009
A Club’s show date is not listed until a licence has been granted by the New Zealand Kennel Club. If a show date for a Club does not appear or is incorrect the Secretary of the Club should contact the New Zealand Kennel Club urgently. Associated Show Clubs must make specific application for a licence for every Championship show date on the form available from New Zealand Kennel Club offices or website. These can be applied for up to two years in advance. Try www.nzkc.org.nz/calendar.html for your personal online show calendar.

Schedules for all Ch Shows, Ch Obedience Tests & Agility Events contained in this box are to be forwarded to NZKC by 1 June 2009 for Publication in the July 2009 issue of the Gazette. Specialist Breed Clubs, Obedience Clubs & Agility Clubs wanting their schedules published in a later issue should advise NZKC by due date.

Late Schedules

The deadline for schedules is the 1st of the month preceding publication (except Dec/Jan and Feb issues where it is 1 Nov and 1 Dec respectively).

If for any reason you are unable to get your schedule in on time, please contact the NZKC so that we are aware of the delay.

Late schedules hold up the production of the New Zealand Kennel Gazette. The schedules cannot be completed until all schedules are in. If your show is late in the month and you wish to publish the schedule in a later gazette, please notify us, so we are not waiting for a schedule that will not be coming.

Please try to get your schedules in on time. If you are having problems with judges, venues etc., just give the NZKC a ring so we are aware of what is happening.

Schedules should be submitted online with your club’s log-in details. If you don’t know these contact the NZKC. Schedules can also be sent as a complete image (such as a jpg., tif or pagemaker). Either of these formats will secure a cheaper rate.

Alternatively schedules can be sent in typed.

If you are unsure about schedule formatting please give us a ring.
