**Notice:** Publication of these Notices is on the basis that a Litter Notification has been received by the New Zealand Kennel Club at the closing date of this column, usually the 1st of the month preceding publication. Publication in this magazine is no guarantee that the dog can or will be registered with the New Zealand Kennel club. Registration is a separate procedure and will not necessarily be completed at the date of sale of a puppy. Purchasers of dogs should obtain a written undertaking from breeders that the puppy being purchased is or will be registered with the New Zealand Kennel club and will be transferred by the breeder into the name of the purchaser within fourteen days of the date of purchase.

A Club's show date is not listed until a licence has been granted by the New Zealand Kennel Club. If a show date for a Club does not appear or is incorrect the Secretary of the Club should contact the New Zealand Kennel Club urgently. Associated Show Clubs must make specific application for a licence for every Championship show date on the form available from New Zealand Kennel Club offices or website. These can be applied for up to two years in advance. Try [www.nzkc.org.nz/calendar.html](http://www.nzkc.org.nz/calendar.html) for your personal online show calendar.

## HIPS & ELBOW DYSPLASIA RESULTS

The following is a list of dogs which have been examined under the Australian Canine HD Scoring Scheme, NZ Veterinary Association HD & ED Schemes, BVA Scheme or the Murdoch University (WA) Scheme. The owners of these dogs are authorised to claim in advertisements that the dogs have been examined under the rules of these schemes and have obtained the scores printed below. Members wishing the results of x-rays to be published in the NZ Kennel Gazette should forward a copy to NZKC with a written request for publication. No fee is payable.

Notes (Hips):

- (1) The first figure is the score for the right hip, the second for the left hip and the third is the total score.
- (2) The lower the score the less degree of Hip Dysplasia.
- (3) A total score of 4 or less with not more than 3 on one hip may be regarded as the equivalent to the former Certificate A.
- (4) Total score of 8 or less with not more than 6 on one hip may be regarded as the equivalent of the former 'Breeders Letter' category.
- (5) Total score maximum possible - 106.

Notes (Elbows):

Grading (Dogs must be over one year old)

- (1) A grade is given on the amount of arthritis detected in each joint. Arthritis indicates Elbow Dysplasia is present.

(2) Grades range from 0 (free of arthritis) to 3 (severe arthritis) B means borderline between 0-1

(3) Dogs between 1 and 2 years with a 0 score in each elbow are probably free from Elbow Dysplasia.

Dogs over two years with a 0 score in each elbow are considered ACCREDITED free from Elbow Dysplasia.

For information, statistics, breed averages for Hip Scores plus lots more, please visit the New Zealand Veterinary Web Site [www.vets.org.nz](http://www.vets.org.nz)

# Late Schedules

The deadline for schedules is the 1st of the month preceding publication (except Dec/Jan and Feb issues where it is 1 Nov and 1 Dec respectively).

If for any reason you are unable to get your schedule in on time, please contact the NZKC so that we are aware of the delay.

Late schedules hold up the production of the New Zealand Kennel Gazette. The schedules cannot be completed until all schedules are in. If your show is late in the month and you wish to publish the schedule in a later gazette, please notify us, so we are not waiting for a schedule that will not be coming.

Please try to get your schedules in on time. If you are having problems with judges, venues etc., just give the NZKC a ring so we are aware of what is happening.

Schedules should be submitted online with your club's log-in details. If you don't know these contact the NZKC. Schedules can also be sent as a complete image (such as a .jpg, .tif or pagemaker). Either of these formats will secure a cheaper rate.

Alternatively schedules can be sent in typed.

If you are unsure about schedule formatting please give us a ring.

### Judges Profiles

#### Steve Seymour (United Kingdom)

I began showing Beagles and Griffons in the mid 70's and breeding together with my late mother we bred together under the "Beagriff" prefix. I won my first BIS in 1978 with a beagle and since then we have been lucky to have bred or owned many BIS winners in both breeds.

In Griffons we have bred several all breeds BIS winners and at Specialty level won BIS over 10 times. In beagles I won BIS at the 2nd National in Melbourne and made up several Champions. I have also owned a BIS winning Whippet and a group winning Japanese Chin and Wire Fox Terrier. There are Beagriff Champions in over 8 countries.

I am currently living in the UK and judge almost every month some where in Europe. In the UK I am approved to award CC'S in Beagles Griffons and Australian Terriers. I have judged world wide in some 25 countries.

I also write a regular column in "Dog World" and have also had articles published in The USA, South Africa and Australia.

#### Fred J. Veldman (South Africa)

I started showing Pekingese in 1975 making up several champions. In 1978 I purchased my first King Charles Spaniel that became the top KCS in South Africa for the following six years. In 1979 I imported a King Charles Spaniel from England from which I produced my first homebred KCS champion. In 1984 I imported a Lhasa Apso from USA. My first litter produced four champions and I imported five more Lhasas from USA exhibiting successfully producing several champions. At this time I rescued a number of Shih Tzu and showed them successfully achieving a BIS. In 1999 I purchase my first Chihuahua which was followed by the import NZ Ch Salinacruz Blue D'Zire. She was multi Best Smooth Chihuahua of the Year winner and still continues winning Best Veteran on Show at ten years of age. In 2006 I travelled to Crufts and in 2007 went to the Windsor Show in U.K. and as a result imported Natamuk Keenaughts Bobby Dazzler of De Chatalet who is present top Chihuahua (both varieties) in South Africa. I also exhibit Papillion's making up three champions in 2007/2008, and am at present showing a homebred Japanese Chin and two co-owned Lowchen from German imports.

I am on the championship panel in South Africa for the Toy Group and have judged this group and specialist breeds on numerous occasions. I judge the Utility Group at championship level but await access to the panel. I judge Terriers and Hounds at Open Show Level.
